ABOUT COMPOSIT

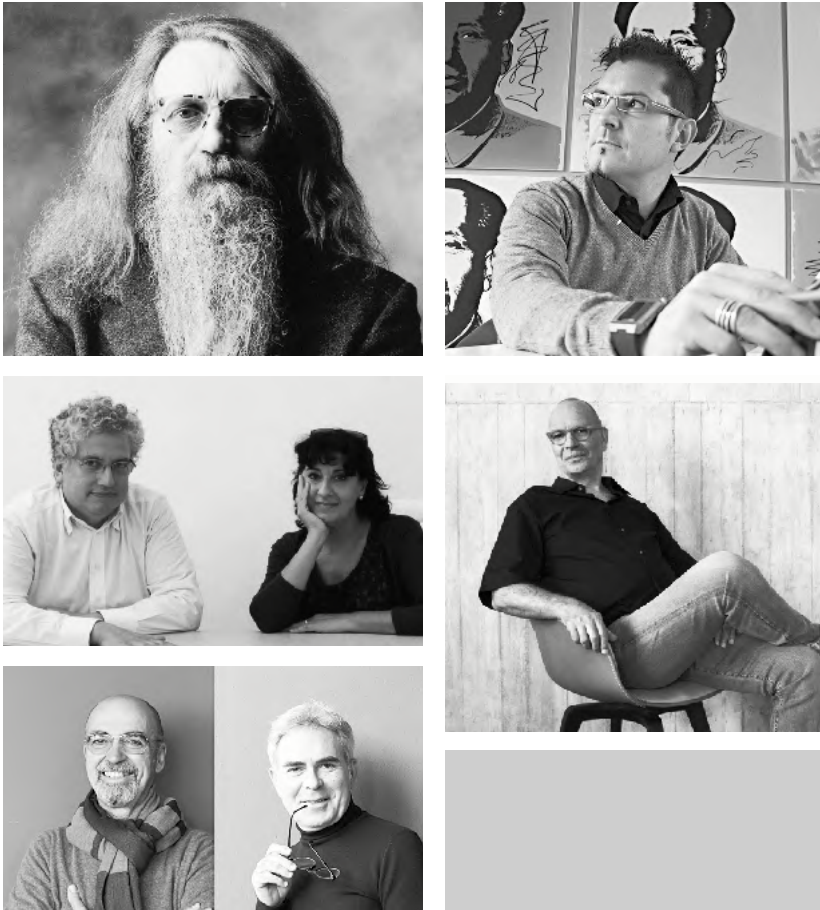

La nostra è una tipica storia italiana di famiglia in cui l’impegno nello sviluppo di prodotti industriali con un ‘cuore artigianale’ è il fil rouge che lega tutti i diversi momenti dello sviluppo dell’azienda. Passione, Impegno, Innovazione, Ricerca, Investimenti, Materiali, Tecnologia, Affidabilità, Stile, Design sono i diversi fattori che costituiscono l’anima di una cucina Composit. In ogni modello convivono tutti questi fattori e l’esperienza delle persone che lavorano con noi: patrimonio di Composit sono tutti i collaboratori che lavorano in Italia e all’estero. La cultura del lavoro in team è nel dna Composit: solo attraverso un’opera comune e grazie a un gruppo coeso di persone preparate si possono vincere le sfide sui mercati nazionali e internazionali.

Ours is a typical Italian family story in which the commitment to the development of industrial products with an ‘artisan heart’ is the common thread that binds all the different moments of the company’s development. Composit has seen three generations of the Belligotti family follow one another, to become today a reality of international level. Passion, Commitment, Innovation, Research, Investments, Materials, Technology, Reliability, Style, Design are the various factors that make up the soul of a Composit kitchen. In each model all these factors and the experience of the people who work with us coexist: Composit’s assets are all the collaborators who work in Italy and abroad. The culture of teamwork is in Composit’s DNA: it is only through a common work and thanks to a cohesive group of trained people that challenges can be overcome on national and international markets.

Nôtre histoire est une histoire de famille typiquement italienne, dans laquelle l’engagement pour le développement de produits industriels avec un «cœur artisanal» est le fil conducteur qui lie tous les différents moments du développement de l’entreprise. Passion, Engagement, Innovation, Recherche, Investissements, Matériaux, Technologie, Fiabilité, Style, Design sont les différents éléments qui constituent l’âme d’une cuisine Composit. Dans chaque modèle, tous ces facteurs cohabitent avec l’expérience des personnes qui travaillent avec nous: patrimoine de Composit sont tous les collaborateurs qui travaillent en Italie et à l’étranger. La culture du travail d’équipe est dans la nature de Composit: ce n’est que par un travail commun et grâce à un groupe soudé de personnes compétent que les défis sur les marchés nationaux et internationaux peuvent être surmontés.

La nuestra es una típica historia de familia italiana en la que la dedicación por el desarrollo de productos industriales con ‘corazón artesano’ es el hilo común que une todos los diferentes momentos del desarrollo de la empresa. Pasión, Compromiso, Innovación, Investigación, Inversiones, Materiales, Tecnología, Fiabilidad, Estilo, Diseño son los diversos factores que componen el alma de una cocina Composit. En cada modelo conviven todos estos factores y la experiencia de las personas que trabajan con nosotros: el patrimonio de Composit son todos los colaboradores que trabajan en Italia y en el extranjero. La cultura del trabajo en equipo está en la esencia de Composit: solo a través de un trabajo común y gracias a un grupo cohesionado de personas capaces se pueden superar los desafíos en los mercados nacionales e internacionales.

DESIGN

Piergiorgio Cazzaniga, Enrico Cesana, Leone+Mazzari, Roberto Lazzeroni, Bizzarri Design
Ci avvaliamo da sempre di collaborazioni con designer di fama internazionale per rendere unici i nostri prodotti.

We have always made use of collaborations with internationally renowned designers to make our products unique.

Nous avons toujours fait appel à des collaborations avec designers de renommée internationale pour rendre nos produits uniques.

Siempre hemos colaborado con diseñadores de renombre internacional para hacer que nuestros productos sean únicos.

BREVETTI

Un’attenta ricerca di materiali e soluzioni originali ed esclusive ci hanno permesso di registrare con brevetto internazionale alcune delle nostre maniglie e ante.

Patents A careful search for original and exclusive materials and solutions have allowed us to register some of our handles and doors with international patents.

Brevets Une recherche minutieuse de matériaux et de solutions originaux et exclusifs nous a permis d’enregistrer certaines de nos poignées et portes avec des brevets internationaux.

Patentes Una cuidadosa búsqueda de materiales y soluciones originales y exclusivos nos ha permitido registrar algunos de nuestros tiradores y puertas con patentes internacionales.

SOLUZIONI PERSONALIZZATE

Flessibilità progettuale, soluzioni personalizzate.
Un’ amplissima gamma di finiture per le ante e i contenitori interni,
tra gli impiallacciati possibilità di scegliere finiture anche non a catalogo.
10 modelli di cucine moderne/classiche / zona giorno / armadiature
15 tipologie di finiture

Design flexibility, customized solutions
A very wide range of finishes for doors and internal structures, among the veneers it is possible to choose finishes even not in the catalog.
10 models of modern/classic kitchens / living area / wardrobes / 15 types of finishes.

Flexibilité de conception, solutions personnalisées
Une très large gamme de finitions pour les portes et les conteneurs intérieurs; parmi les bois plaqués, il est possible de choisir entre une gamme des finitions plus grand de quelle dans le catalogue.
10 modèles de cuisines modernes classiques living / placards / 15 types de finitions.

Flexibilidad de diseño, soluciones personalizadas
Una gama muy amplia de acabados para las puertas y contenedores interiores; entre los enchapados es posible también elegir acabados que no están incluidos en el catálogo.
10 modelos de cocinas modernas/clásicas / living / armarios / 15 tipos de acabados.

Da diversi anni Composit ha intrapreso un percorso per ridurre e compensare il nostro impatto sulla natura ma anche per aiutare il mondo ad invertire la tendenza sugli effetti negativi dell'inquinamento. Le modalità con le quali questo viene effettuato sono diverse e partono dalla scelta dei metodi di produzione, di organizzazione, ove possibile di materiali di riciclo ma soprattutto verso una sensibilizzazione, in tal senso, di tutto lo staff Composit. Inoltre, l'utilizzo di pannelli fotovoltaici per l'auto-produzione di energia ci permette di ottenere un ciclo produttivo ad impatto zero.

Composit and environment

For several years Composit has been on a path to reduce and offset our impact on nature but also to help the world reverse the trend on the negative effects of pollution. The ways in which this is done are diverse and start from the choice of production methods, organization but above all towards an awareness, in this sense, of all Composit staff. In addition, the use of photovoltaic panels for self-production of energy allows us to achieve a zero-impact production cycle.

Composit et l'environnement

Depuis plusieurs années, Composit s'est engagé sur la voie de la réduction et de la compensation de notre impact sur la nature mais aussi de l'aide au monde pour inverser les effets négatifs de la pollution. Les moyens pour y parvenir sont nombreux et partent du choix des méthodes de production, de l'organisation mais surtout d'une prise de conscience, dans ce sens, de l'ensemble du personnel de Composit. En outre, l'utilisation de panneaux photovoltaïques pour l'autoproduction d'énergie nous permet d'atteindre un cycle de production à impact zéro.

Composit y el medio ambiente

Desde hace varios años, Composit sigue un camino para reducir y compensar nuestro impacto en la naturaleza, y también para ayudar a el mundo a invertir la tendencia de los efectos negativos de la contaminación. Hay diferentes formas para realizarlo como la elección de los métodos de producción y la organización, y sobre todo la sensibilización de todo los empleados de Composit. Además, el uso de paneles fotovoltaicos para la autoproducción de energía nos permite obtener un ciclo de producción con impacto cero.

Le cucine realizzate con le finiture Natural Wood possono evidenziare variazioni cromatiche rispetto ai campioni indicati in funzione dell'accostamento delle diverse texture. Ciò è da considerarsi come peculiarità della finitura, pertanto non potrà in alcun caso costituire motivo di contestazione o reso.
Kitchens made with Natural Wood finishes may show color variations compared to the samples indicated depending on the combination of different textures. This is to be considered as a peculiarity of the finish, therefore it cannot in any case constitute a reason for dispute or return.
Les cuisines fabriquées avec des finitions Natural Wood peuvent présenter des variations de couleur par rapport aux échantillons indiqués en fonction de la combinaison de différentes textures. Ceci est à considérer comme une particularité de la finition, donc cela ne peut en aucun cas constituer un motif de contestation ou de retour.
Las cocinas realizadas con acabados en Natural Wood pueden presentar variaciones de color respecto a las muestras indicadas en función de la combinación de diferentes texturas. Esto debe considerarse como una peculiaridad del acabado, por lo que en ningún caso puede constituir un motivo de disputa o devolución.
