These contexts identify four distinct architectural styles, proof of the eclectism of Domus Arte creations. Each piece of furniture enriches the house, never altering its real nature. The apartment in the 18th century palace of Castelfranco has a contemporary and elegant style. The loft in Bassano del Grappa shows an example of industrial open space. Valdobbiadene hosts a farmstead furnished with a Nordic taste. Finally, the house in Asolo represents a perfect blend of modernity and basic design. “Egli appare piuttosto come un mito che
come un uomo. Nessun destino di poeta è
comparabile al suo, in terra.

Tutto o quasi di lui si ignora, e taluno giunge
a negare la sua esistenza. Il suo nome non
è scritto in alcuna opera; e taluno non gli
riconosce alcuna opera certa...”

Gabriele D’Annunzio “Il fuoco”, 1928

“He looks more like a myth than as a man. No
fate of the poet is comparable to his, on the
ground.

Almost everything she ignores him, and
anybody comes to deny its existence. His name
is not written in any work; and anybody does
not recognize any certain work ... “

BASSANO

DEL GRAPPA

« Sul ponte di Bassano / là ci darem la mano /
là ci darem la mano / ed un bacin d'amor / Per
un bacin d'amore / succedon tanti guai / non
lo credevo mai / doverti abbandonar / Doverti
abbandonare / volerti tanto bene / è un giro di
catene / che m'incatena il cor / Che m'incatena
il cuore / che m'incatena il fianco / non posso
far di manco / di piangere e sospirar »

Canzone popolare “Sul Ponte di Bassano” (1916)

“On the bridge of Bassano / we will give our
hand / we will give our hand / and a kiss of
love / To a kiss of love / so many troubles
happen / I'll never believe / that I have to leave
you / I have to leave you / I love you so much
/ is a turn of chains / that has chained my
heart / that binds my heart / that binds my
side / I only must / crying and sighing “

Popular song “Sul ponte di Bassano” (1916)

ASOLO

“Non potresti vedere altra cosa più bella di Asolo ora (...) D'inverno, coperte di neve abbagliante, queste colline ci si avvicinano; ma in primavera assumono questo colore pallido e lontano, e diventano remote e intime come sogni. Nascondono il profilo merlato delle Dolomiti con una grazia vivente, quasi domestica, che si attorciglia sopra e intorno le loro profondità e precipizi come la vita stessa...”

Freya Stark “Country Life”, 1971

“You could not see another best thing about Asolo now (...) In winter, covered with dazzling snow, these hills are close to us; but in the spring they take this pale color and away, and they become remote and intimate as dreams. They hide the crenellated profile of the Dolomites with a living grace, almost domestic, that twists above and around their depths and their precipices like the life itself ... “
