Le zone armadio si allargano, ampliano le proprie soluzioni per integrarsi sempre di più con lo stile e le funzioni della zona notte fino ad arrivare ad essere ambienti ‘open air’. A fare la differenza è il design ma soprattutto il ‘servizio personalizzato’ per arrivare a creare spazi esclusivi al punto da sembrare scenografie domestiche dall’alto valore estetico.

EN The wardrobe areas are expanding, widening their solutions to integrate more and more with the style and functions of the sleeping area until they become ‘open air’ environments. What makes the difference is the design but above all the ‘personalized service’ to create exclusive spaces to the point of looking like domestic settings with a high aesthetic value.

FR Les zones de dressing s’élargissent, offrant des solutions toujours plus variées pour s’intégrer davantage au style et aux fonctions de la chambre, jusqu’à devenir de véritables espaces « ouverts ». Ce qui fait la différence, c’est le design, mais surtout le « service personnalisé » qui permet de créer des espaces exclusifs, au point de ressembler à des décors domestiques d’une grande valeur esthétique.

ES Las zonas de vestuario se amplían, ampliando sus soluciones para integrarse cada vez más con el estilo y funciones de la zona de noche hasta convertirse en ambientes ‘open air’. La vera personalizzazione è avvenuta nell’attrezzatura interna: isole polifunzionali, make-up area, pareti attrezzate. La zona armadio ha cambiato la propria progettualità, si è resa esteticamente bella, ricercata nelle finiture e nei materiali, arricchita di complementi lasciandosi alle spalle quella connotazione di ‘stanza contenitore’ che oggi non le calza più.

EN The real customization took place in the internal equipment: multifunctional islands, make-up area, equipped walls. The wardrobe room has changed its design, it has become aesthetically beautiful, refined in its finishes and materials, enriched with accessories, leaving behind that connotation of ‘container room’ which no longer fits it today.

FR La véritable personnalisation s’est réalisée dans l’équipement intérieur: îles multifonctionnelles, espace maquillage, murs aménagés. La zone de dressing a évolué dans sa conception, devenant esthétiquement belle, raffinée dans ses finitions et matériaux, enrichie de compléments, laissant derrière elle cette connotation de « pièce de stockage » qui ne lui correspond plus aujourd’hui.

ES La verdadera personalización se produjo en el equipamiento interno: islas multifuncionales, zona de maquillaje, paredes equipadas. La zona de vestuario ha cambiado de diseño, ha pasado a ser estéticamente bella, refinada en sus acabados y materiales, enriquecida con complementos, dejando atrás esa connotación de ‘contain room’ que hoy ya no le cabe.

Il ritmo dell’abitare negli anni ha rivoluzionato l’estetica e la concezione degli spazi elevandoli a spazi di design con una forte valenza estetica. Una configurazione di cabina armadio ‘aperta’ e integrata alla zona notte diventa il manifesto di un nuovo concetto di vita, trasparenze senza necessità di privacy in totale contatto con gli altri ambienti della casa.

Un unico grande ambiente accoglie cabina armadio e camera da letto con pareti che non sono barriere ma squarci verso la luminosità e la grandezza dello spazio notte. Ripensare il modo di organizzare lo spazio in camera da letto, è la vera rivoluzione. Le cabine armadio contemporanee devono rispettare le regole dello spazio ma, allo stesso tempo, si aprono alla zona notte, all’operatività quotidiana, accogliendo funzioni un tempo demandate alla camera da letto.

EN A single large room houses a walk-in closet and bedroom with walls that are not barriers but glimpses towards the brightness and grandeur of the sleeping space. Rethinking the way of organizing space in the bedroom is the real revolution. Contemporary walk-in closets must respect the rules of space but at the same time open up to the sleeping area, to daily operations, accommodating functions that are sometimes delegated to the bedroom.

FR Un seul grand espace accueille le dressing et la chambre à coucher, avec des murs qui ne sont pas des barrières, mais des ouvertures vers la luminosité et la grandeur de l’espace nuit. Repenser l’organisation de l’espace dans la chambre à coucher est la véritable révolution. Les dressings contemporains doivent respecter les règles de l’espace tout en s’ouvrant sur la chambre, sur l’aspect fonctionnel du quotidien, accueillant des fonctions traditionnellement attribuées à la chambre à coucher.

ES Una sola habitación grande alberga un vestidor y un dormitorio con paredes que no son barreras sino que vislumbran el brillo y la grandeza del espacio para dormir. Repensar la forma de organizar el espacio en el dormitorio es la auténtica revolución. Los vestidores contemporáneos deben respetar las reglas del espacio pero al mismo tiempo abrirse a la zona de noche, a las operaciones diarias, acogiendo funciones que a veces se delegan al dormitorio.
